Mission

We are a company that manages construction projects and industrial maintenance dedicated to meet the degree of excellence the needs of their customers creating value through integrated solutions that ensure the quality and the respect for the environment, on the basis of compliance of the commitments and high performance of our teams.

Vision

Be recognized in the nation in general as leaders in the construction and industrial maintenance and be recognized in foreign countries for excellence and operational quality.

Quality policy

We provide rehabilitation services, maintenance and construction general industry through a management quality system which we guarantee customer satisfaction to fully meeting your requirements generating a compromise continuous improvement always seeking the benefit of the community and its environment.

Work values

Communication

Discipline

Respect

Responsibility

Teamwork

We are specialized in...

- ✓ Integral maintenance of process towers.
- ✓ Maintenance and installation of internal trays in distillation plants.
- ✓ Maintenance of heat exchangers.
- ✓ Maintenance and rehabilitation of pressure vessels and reactors.
- ✓ Integral services of reactors including downloading, screening and catalyst loading.
- ✓ Construction and overhaul maintenance of Storage Tanks.
- ✓ Cleaning hydrodynamic high-pressure equipment up to 20,000 PSI.
- ✓ Fabrication and assemble of steel structures.
- ✓ Buildings and civil engineering works.
- ✓ Earthworks and engineering works.
- ✓ Hydraulic concrete pavements works.
- ✓ Services of technical supervision.
- ✓ Rental/Sales of shoring and scaffolding systems.
